traces the development of the american kitchen
shares household hints and recipes from each period
and looks at how kitchen appliances and equipment have changed

discover how these contemporary food icons changed the way americans eat
through the fascinating biographical

profiles in this book before 1946 and the advent of the first television cooking show james beard s i love to eat not many americans were familiar with the finer aspects of french cuisine today food in the united states has experienced multiple revolutions having received and embraced influences from not only europe but cultures ranging from the far east to latin america this expansion of america s appreciation for food is largely the result of a number of well known food enthusiasts who forever changed how we eat icons of american cooking examines the giants of american food cooking and cuisine through 24 biographical profiles of contemporary figures covering all regions cooking styles and ethnic origins this book fills a gap by providing behind the scenes insights into the biggest names in american food past and present

ideal for american history and food history students as well as general readers this book spans 500 years of cooking in what is now the united states supplying recipes and covering the how and why of eating this book examines the history and practice of cooking in what is now the united states from approximately the 15th century to the present day covering everything from the hot stone cooking techniques of the nootka people of the pacific northwest to the influence of crisco a shortening product intended as a substitute for lard upon american cooking in the 20th century learning how american cooking has evolved throughout the centuries provides valuable insights into life in the past and offers hints to our future the author describes cooking methods used throughout american history spotlighting why particular methods were used and how they were used to produce particular dishes the historical presentation of information will be particularly useful to high school students studying u s history and learning about how wartime and new technology affects life across society general readers will enjoy learning about the topics mentioned above as well as the in depth discussions of such dishes as fried chicken donuts and thanksgiving turkey numerous sample recipes are also included

the kitchen as political symbol and material reality in the cold war years richard nixon and nikita khrushchev s famous kitchen debate in 1958 involved more than the virtues of american appliances both nixon and khrushchev recognized the political symbolism of the modern kitchen the kind of technological innovation represented in this everyday context spoke to the political system that produced it the kitchen connects the big politics of politicians and statesmen to the small politics of users and interest groups cold war kitchen looks at the kitchen as material object and symbol considering the politics and the practices of one of the most famous technological icons of the twentieth century defining the kitchen as a complex technological artifact as important as computers cars and nuclear missiles the book examines the ways in which a range of social actors in europe shaped the kitchen as both ideological construct and material practice these actors from manufacturers and modernist architects to housing reformers and feminists constructed and domesticated the technological innovations of the postwar kitchen the home became a mediation junction in which women users and others felt free to advise producers from the consumer s point of view in essays illustrated by striking period photographs the contributors to cold war kitchen consider such topics as soviet consumers ambivalent responses to the american dream kitchen argued over by nixon and khrushchev the frankfurter küche a european modernist kitchen of the interwar period and its export to turkey when its designer fled the nazis and the british state subsidized kitchen design so innovative that it was mistaken for a luxury american product the concluding essays challenge the received wisdom of past interpretations of the kitchen debate

kitchen have been a part of american domestic life forever originally located outside over an open fire the kitchen has made its way inside and to the heart of the home as the kitchen has become more and more prominent in the home however cooking has paradoxically fallen by the wayside and less and less time is being spent preparing food let alone preparing food from scratch this book will examine that paradox the book will look at the evolution of the american kitchen in the past hundred years looking at designers from gustav stickley to frank lloyd wright to the levitt brothers it

will look closely at today's kitchen including its materials layout and appliances together the historical perspective and detailed examination of the kitchen today will bring meaning to the paradoxical american kitchen and what it represents about american social values and trends book jacket
